- D. Delegation of Authority. The Borough Council of Phoenixville Borough hereby authorizes the Phoenixville Borough Fire Code Official to act as its duly authorized agent to enforce the requirements of Title 35 P.S., Health and Safety, Chapter 13A, Fireworks and Explosives, § 1275.2, Supervised public displays permitted; permits, to grant permission and issue permits for outdoor displays of fireworks, provided that the permit applicant fully meets the requirements of the International Fire Code, including, without limitation, the requirements of Chapter 56, Explosives and Fireworks, and including, but not limited to, Section 3308, Fireworks Displays, thereof, and the additional rules and regulations set forth in this section.

No permit shall be issued for any outdoor display of fireworks where plans submitted to the Phoenixville Borough Fire Code Official evidence, at the sole discretion of the Borough Fire Code Official, that there are or will be dwellings, buildings, or any other structures (including tents) located within the display site.
- I. Location of Display Site on the Display Property. The display site shall be situated on the display property at such location as is the greatest distance from the nearest dwelling, building, structure (including tents), or public street while still meeting the International Fire Code clearance and separation distance

requirements.

- J. Revocation of Permit; Cancellation or Discontinuance of Display. The permit for any outdoor display of fireworks may be immediately revoked and the display immediately canceled or discontinued at any time deemed necessary by the Phoenixville Borough Fire Code Official or any authorized representative of the Phoenixville Borough Fire Company, at their sole and absolute discretion, as a result of any noncompliance with any legal requirements, including, without limitation, the requirements of this section, or due to weather conditions such as drought, extremely low humidity, or wind factors. Any permitted outdoor display of fireworks shall be canceled if wind gusts exceed 25 miles per hour as measured immediately prior to the commencement of the display, and shall be discontinued if wind gusts exceed 25 miles per hour at any time prior to the end of the display. All costs related to the provision of fire personnel and apparatus, and calls for emergency medical services and apparatus, shall be paid by the permittee in an amount determined by Phoenixville Borough.

- L. Traffic Control Arrangements with Phoenixville Borough Police Department. Not less than 10 business days prior to conducting the display, the permittee shall make arrangements acceptable to the Phoenixville Borough Police Department for traffic control. Traffic control shall be conducted by Phoenixville Borough police officers. Traffic control measures shall be sufficient to prevent motorists, whether or not attending the display, from parking, stopping or standing motor vehicles within the right-of-way or shoulder of that portion of any public street abutting the display property, or that portion of any public street in sufficiently close proximity to the display property to be affected by the traffic to be generated thereby, as determined by the Phoenixville Borough Police Department. The permittee shall submit to the Phoenixville Police Department

for its review and approval its traffic control plans. Such plans shall include provisions for handling ingress and egress of motor vehicles to and from the display property and interior circulation of vehicles within the display property and demonstrate adequate parking on the display property. In the event that the permittee anticipates the necessity for additional parking facilities, other than those available on the display property, the permittee may contract with a nearby property owner or owners for overflow parking, provided that either: shuttle service from the overflow parking site to the display property is provided; or safe pedestrian pathways are available from the overflow parking to the display property. Such plans shall be sufficiently detailed so as to permit meaningful review by the Phoenixville Police Department. All costs related to the provisions of police officers and police vehicles shall be paid by the permittee in an amount determined by Phoenixville Borough. The permittee shall not conduct the display unless such traffic control measures and plans have been approved in writing by the Phoenixville Police Department.

M. Enforcement of Requirements. The Phoenixville Borough Fire Code Official and Phoenixville Borough police officers are authorized to enforce all legal requirements relating to outdoor displays of fireworks, including the requirements of this section or other Borough ordinances and/or state law, and, in addition to criminal sanctions or civil remedies, they may revoke any permit and order the cancellation and/or discontinuance of a display upon any failure or refusal of the permittee to comply with such legal requirements, including, without limitation, this Part, other Borough ordinances and/or state law, or upon any failure or refusal to comply with the orders and directives of the Phoenixville Borough Fire Code Official, a Phoenixville Borough police officer, or an authorized representative of a Phoenixville Borough Fire Company.

§ 7-204 State Regulations to Control; Effect on Other Provisions; Publication; When Effective.

- 1. In all matters that are regulated by the laws of the Commonwealth of Pennsylvania or by regulations of departments or agencies of the commonwealth promulgated by authority of law, such laws or regulations, as the case may be, shall control where requirements thereof are more restrictive than the provisions of this International Fire Code.

- 2. Periodic Inspections of Commercial, Industrial and Multi-residential Buildings. The Fire Code Official is authorized to inspect existing commercial, industrial and/or multifamily residential buildings, structures and premises periodically to determine compliance with the Fire Code. A Fire Code Official's belief that a violation may exist is not a precondition to any such inspection.

§ 7-206 Fees and Charges.

1. The Council may, from time to time, by written resolution, adopt and amend its Master Schedule of Fees and charges for inspections, compliance work, application processing, permits, and other work of the Fire Code Official related to the enforcement of the Fire Code.
